

Brambles

Brambles is an eight bed residential home for children with learning disabilities, physical disabilities and complex needs.

Alongside eight fully accessible en-suite bedrooms, Brambles enjoys a spacious kitchen and living room with a beautiful balcony overlooking our grounds.

Brambles is a safe, happy and colourful home not just in the decor but in personality too. Brambles take a safe and person-centred approach, putting the children at the heart of everything they do. They love to have fun and you'll always hear laughter in the home.

The children and their families have full creative control over their bedrooms, meaning they can be personalised to ensure it feels like home. Brambles has therapy oversight from our on-site therapy teams including Speech and Language, Physio, Occupational Therapy and Assistive Technology too.

“Brambles has a friendly, welcoming staff team with positive uplifting attitudes that go above and beyond.”

A little bit about us

We provide teaching, residential care, plus a range of therapies and enrichment activities for children, young people and adults with profound and multiple disabilities.

Everyone deserves to have a home where they feel safe and supported. Over the past seventy years, we have built our reputation as the experts in residential care for children, young people and adults with profound disabilities.

We have purpose-built residential accommodation for children, young people and adults, across ten residential homes. Our main site, at Roe Head in Mirfield, is set in 22 acres of beautiful, well-cared for grounds with views across to the Pennines.

Beyond our main site in Mirfield, we also have three community homes for adults in West and South Yorkshire.

The vast majority of people we support use wheelchairs to move around and communicate non-verbally. Our services are wheelchair accessible, although vary in layout.

The majority of our services have outdoor space to explore and enjoy the seasons to promote positive wellbeing.

Each service is unique, we provide support that is individual to each person, and promote full participation in our residential environments such as involving adults in decoration, furnishing, and we also promote utilising communal areas to meet preferred collective benefits.
