

Holly Court

Holly Court is a fifteen-bed residential home on our Mirfield site for adults who have profound and multiple learning disabilities, physical disabilities and complex needs. Holly Court boasts its own gardens and lots of beautiful green space. Split into three separate ‘bungalows’ it boasts three lounges, three communal assisted bathrooms and three kitchen / diners. Holly court is a bright, happy, lively home.

The adults who live at Holly Court enjoy a wide range of activities, trips out, and local events. Our teams support the adults to live enriched lives through a range of in house and external activities, including activities provided by some of our in-house activity co-ordinators. The adults also have access to lots of community activities.

The team also work alongside Hollybank’s in-house therapies team, who assess the various aspects of the adults’ needs in order to write their individual care plans and develop bespoke training to meet these needs.

“The care we receive at Holly Court is second to none and the facilities are great.”

A little bit about us

We provide teaching, residential care, plus a range of therapies and enrichment activities for children, young people and adults with profound and multiple disabilities.

Everyone deserves to have a home where they feel safe and supported. Over the past seventy years, we have built our reputation as the experts in residential care for children, young people and adults with profound disabilities.

We have purpose-built residential accommodation for children, young people and adults, across ten residential homes. Our main site, at Roe Head in Mirfield, is set in 22 acres of beautiful, well-cared for grounds with views across to the Pennines.

Beyond our main site in Mirfield, we also have three community homes for adults in West and South Yorkshire.

The vast majority of people we support use wheelchairs to move around and communicate non-verbally. Our services are wheelchair accessible, although vary in layout.

The majority of our services have outdoor space to explore and enjoy the seasons to promote positive wellbeing.

Each service is unique, we provide support that is individual to each person, and promote full participation in our residential environments such as involving adults in decoration, furnishing, and we also promote utilising communal areas to meet preferred collective benefits.
