

Oak House

Oak House and Acorns is a six-bed community home for adults with a range of complex physical and learning disabilities and or sensory impairments in Worsborough just outside the centre of Barnsley.

The home boasts six en-suite bedrooms, four of which are in the Oak House building with one assisted bathroom, a large, shared lounge and a kitchen/ diner. The other two rooms are situated in the Acorns building which has its own kitchen/ living area.

Our team support the adults with all aspects of their lives, including their physical, social and emotional needs, following their individualised care plans and delivering person centred care.

The team also work alongside Hollybank's in-house therapies team, who assess the various aspects of the adults' needs in order to write their individual care plans and develop bespoke training to meet these needs.

“Oak House is small enough to feel like family. The care is exceptional.”

A little bit about us

We provide teaching, residential care, plus a range of therapies and enrichment activities for children, young people and adults with profound and multiple disabilities.

Everyone deserves to have a home where they feel safe and supported. Over the past seventy years, we have built our reputation as the experts in residential care for children, young people and adults with profound disabilities.

We have purpose-built residential accommodation for children, young people and adults, across ten residential homes. Our main site, at Roe Head in Mirfield, is set in 22 acres of beautiful, well-cared for grounds with views across to the Pennines.

Beyond our main site in Mirfield, we also have three community homes for adults in West and South Yorkshire.

The vast majority of people we support use wheelchairs to move around and communicate non-verbally. Our services are wheelchair accessible, although vary in layout.

The majority of our services have outdoor space to explore and enjoy the seasons to promote positive wellbeing.

Each service is unique, we provide support that is individual to each person, and promote full participation in our residential environments such as involving adults in decoration, furnishing, and we also promote utilising communal areas to meet preferred collective benefits.
