

# Poplars

**Poplars is a 12-bed residential home for adults with learning disabilities, physical disabilities, and complex needs including positive behaviour support needs. It forms part of the Meadows development.**

Alongside twelve en-suite bedrooms, Poplars enjoys a large shared lounge, kitchen and music room, featuring iMuse technology to create art through soundwaves.

As well as benefiting from direct access to the calming oriental garden with a Japanese pagoda and statues.

Our dedicated staff are always thinking of fun and exciting activities to engage the adults. Our staff teams are highly trained to provide safe and person-centred care.

**“Poplars staff team are always full of fun, it’s a lovely, uplifting place to be.”**

# A little bit about us

---

**We provide teaching, residential care, plus a range of therapies and enrichment activities for children, young people and adults with profound and multiple disabilities.**

---

Everyone deserves to have a home where they feel safe and supported. Over the past seventy years, we have built our reputation as the experts in residential care for children, young people and adults with profound disabilities.

We have purpose-built residential accommodation for children, young people and adults, across ten residential homes. Our main site, at Roe Head in Mirfield, is set in 22 acres of beautiful, well-cared for grounds with views across to the Pennines.

Beyond our main site in Mirfield, we also have three community homes for adults in West and South Yorkshire.

The vast majority of people we support use wheelchairs to move around and communicate non-verbally. Our services are wheelchair accessible, although vary in layout.

The majority of our services have outdoor space to explore and enjoy the seasons to promote positive wellbeing.

Each service is unique, we provide support that is individual to each person, and promote full participation in our residential environments such as involving adults in decoration, furnishing, and we also promote utilising communal areas to meet preferred collective benefits.
