

# Rowan Court

**Rowan Court is a fifteen-bed community home for adults with profound and multiple learning disabilities and complex needs.**

Looking out across the Holme Valley, Rowan Court is set across three floors and the people who live here share a communal living space, an interactive room and outdoor gardens.

The views from the two balconies are breath taking and it's just a short distance from the centre of Holmfirth. It's a vibrant, active place to live, and there's always lots going on!

We support the adults to live enriched lives through a range of in house and external activities. We also encourage the adults to take part in lots of community activities and they enjoy lots of fun days out such as trips to the zoo!

The team also work alongside Hollybank's in-house therapies team, who assess the various aspects of the adults' needs in order to write their individual care plans and develop bespoke training to meet these needs.

“Rowan House has a family feel to it, such a lovely location too - it's a hidden gem.”

# A little bit about us

---

**We provide teaching, residential care, plus a range of therapies and enrichment activities for children, young people and adults with profound and multiple disabilities.**

---

Everyone deserves to have a home where they feel safe and supported. Over the past seventy years, we have built our reputation as the experts in residential care for children, young people and adults with profound disabilities.

We have purpose-built residential accommodation for children, young people and adults, across ten residential homes. Our main site, at Roe Head in Mirfield, is set in 22 acres of beautiful, well-cared for grounds with views across to the Pennines.

Beyond our main site in Mirfield, we also have three community homes for adults in West and South Yorkshire.

The vast majority of people we support use wheelchairs to move around and communicate non-verbally. Our services are wheelchair accessible, although vary in layout.

The majority of our services have outdoor space to explore and enjoy the seasons to promote positive wellbeing.

Each service is unique, we provide support that is individual to each person, and promote full participation in our residential environments such as involving adults in decoration, furnishing, and we also promote utilising communal areas to meet preferred collective benefits.
