

Sycamores

Sycamores is a fully accessible eight-bed community home for adults with profound and multiple learning disabilities and complex needs located in the heart of South Kirkby.

Each of the eight en-suite bedrooms lead out onto a shared patio and garden area outside, and the home also benefits from a spacious living room, dining room and kitchen for the adults who live there to share.

Sycamores also has an assisted bathroom and a multi-purpose IT and sensory room for communicating with families, friends and each other.

The adults who live at Sycamores enjoy a wide range of activities, trips out, and local events including going to the races! Sycamores also has great links to community projects and our dedicated and passionate staff put the adults they care for at the heart of everything they do, and are always thinking of fun and exciting ways to engage the adults.

“Thanks to Sycamores we know our son is well looked after, safe and stimulated.”

A little bit about us

We provide teaching, residential care, plus a range of therapies and enrichment activities for children, young people and adults with profound and multiple disabilities.

Everyone deserves to have a home where they feel safe and supported. Over the past seventy years, we have built our reputation as the experts in residential care for children, young people and adults with profound disabilities.

We have purpose-built residential accommodation for children, young people and adults, across ten residential homes. Our main site, at Roe Head in Mirfield, is set in 22 acres of beautiful, well-cared for grounds with views across to the Pennines.

Beyond our main site in Mirfield, we also have three community homes for adults in West and South Yorkshire.

The vast majority of people we support use wheelchairs to move around and communicate non-verbally. Our services are wheelchair accessible, although vary in layout.

The majority of our services have outdoor space to explore and enjoy the seasons to promote positive wellbeing.

Each service is unique, we provide support that is individual to each person, and promote full participation in our residential environments such as involving adults in decoration, furnishing, and we also promote utilising communal areas to meet preferred collective benefits.
