

Willow Court

Willow Court is our nursing led, nineteen-bed home located on our Mirfield site for adults with complex health needs who require 24-hour nursing care.

With nineteen en suite bedrooms in total, Willow Court is our largest home able to support a wide range of specialist health and medical needs.

Willow Court is working towards gaining Gold Standards Framework Accreditation (GSF). GSF is a systematic, evidence-based approach to optimising care for all people approaching the end of life, delivered by front-line care providers. This means that the team is skilled and equipped to support someone to spend the end of their life at Willow Court, if they choose to.

Willow Court is split into three 'bungalows' with three communal lounges and a large interactive sensory room. The adults we support enjoy a range of activities, both in-house and out in the community.

"The 24-hour nursing provision at Willow Court gives us complete peace of mind."

A little bit about us

We provide teaching, residential care, plus a range of therapies and enrichment activities for children, young people and adults with profound and multiple disabilities.

Everyone deserves to have a home where they feel safe and supported. Over the past seventy years, we have built our reputation as the experts in residential care for children, young people and adults with profound disabilities.

We have purpose-built residential accommodation for children, young people and adults, across ten residential homes. Our main site, at Roe Head in Mirfield, is set in 22 acres of beautiful, well-cared for grounds with views across to the Pennines.

Beyond our main site in Mirfield, we also have three community homes for adults in West and South Yorkshire.

The vast majority of people we support use wheelchairs to move around and communicate non-verbally. Our services are wheelchair accessible, although vary in layout.

The majority of our services have outdoor space to explore and enjoy the seasons to promote positive wellbeing.

Each service is unique, we provide support that is individual to each person, and promote full participation in our residential environments such as involving adults in decoration, furnishing, and we also promote utilising communal areas to meet preferred collective benefits.
